BIOGRAPHY

In-Difference were born in 2017 in Salerno (Italy), on the initiative of Emilio D'Arco and Marco Priore, willing to form a band with the typical post-punk, new wave revival and modern sounds.

After some changes of formation, the band settles down with Federico Tempesta on bass, Domenico Fiorilli on keyboards and Gaetano La Padula on vocals.

The composition work leads the band to structure new songs, which come out in May 2019.

Currently they perform on the whole territory national, they were also selected to perform live at various competitions and festivals including Sanremo Rock and Tour Music Fest.
